### YOUNG PEOPLE GATHER FOR INITIAL SESSION

They Meet at the Central Christian Church.

**SUNDAY-SCHOOL MEET AT CALVARY CHURCH**

Banquet Enjoyed at Busy Bee Cafeteria—Arnold Attacks Moving Picture Interests.

V. Ottmer Ward, of Columbus, state superintendent of Young People's work, addressed the teachers' conference of the Marion County Sunday-school convention this morning in the Sunday-school room of the Central Christian church. Mr. Ward, who is a teacher, gave some helpful and new ideas along the line of interesting the boys and girls in the Sunday-school work. He said there was no boy and girl problem, but the real problem of the church today was getting the adults to see the value in the boy and girl. Most of the churches, he declared, were afflicted with adultitis. He advocated taking the boy and girl into consideration when appointing committees and giving them work to do in the Sunday-school.

The ages of fourteen and fifteen Mr. Ward said, were the most vital years of youth and this is the time when the boy and girl lays the basis of their lives. Physical, social, religious and mental were the four fundamental interests in life to the boy, Mr. Ward said. He urged the teacher in the Sunday-school to help him live these fundamentals and through the Sunday-school fasten the principles of a Christian life. Following Mr. Ward's talk, Rev. M. L. Burkley, pastor of the church, gave a talk on the problems in Young People's work.

**Outlines Program.**

The morning session of the convention was devoted to reports and conferences, beginning at 9:30 o'clock at Calvary Evangelical church. A. T. Arnold addressed the meeting this morning on "County and Township Organization." Mr. Arnold outlined the program for county conventions to get the best results. He urged attractive well-balanced programs, personal work and publicity as means of attracting persons to the convention. He also advocated the establishing of daily vacation Bible schools, and said that now there were thirty-eight of these schools in Ohio with an enrollment of 4,000.

Miss Victoria Jackson, of this city, county president of Young People's work, gave an address on "Our Young People." The speaker made an appeal for the adults "to stand behind and boost for the young people in their education for leadership."

The Young People conference proper began this afternoon at 1:30 o'clock with separate sessions for boys and girls.

One hundred and thirty-seven tickets have been sold for the friendship banquet to be held this evening at the Central Christian church. The awarding of the library and banners will be made tonight at the convention at Calvary Evangelical church.

**Thursday Afternoon.**

The Thursday afternoon session opened at 1 o'clock with devotional services led by Rev. Green, pastor of the Methodist church at Prospect. Mrs. Victor Shoots, of Morral, county secretary of the association gave an interesting talk on "Make-Shifts in the Rural Sunday-school." Mrs. Shoots gave some helpful suggestions to the rural teacher and showed how easily and cheaply such helps as sand tables for the Sunday-school could be made.

Following Mrs. Shoots' talk Miss Ada Rose Demarest addressed the audience on "The Church and Her Children." The boys and girls growing up without any kind of religious training are the potential criminals of the country, the speaker declared. The teachers must also be the leaders of the church. Miss Demarest said and the church is not doing its full duty when it is only teaching religion. It must also look after the social, mental and physical life of the child. Miss Demarest emphasized the need of the cooperation of the parents with the church in the education of religion in the life of the child. The child looks to the adult for an example in life and in our association with children we have an unconscious influence on their lives.

From Pekin, China

Following the song, "Sweet Peace, the Gift of God's Love," Miss Edith Pong, of Pekin, China, gave an interesting address on "Religious Education and the Orient." Miss Pong told of the work done in her country by the missionaries, especially among the girls, in the way of education. The boys of China, she said, were educated that they might get high positions in the government and thereby become rich, but there is no provision made for the girls who are not liked in the Orient. There is great need, Miss Pong said, for Christian leaders in China. There is not room enough in the churches for all these desiring to become Christians and the only help for the children is through the church, she said.

L. B. Edgar, of Columbus, state adult superintendent, gave an in-

Mr. Weber was sixty-nine years of age, having been born in Richland township, a son of Mr. and Mrs. John Jacob Weber. He was unmarried and is survived by three brothers and a sister. Frederick Weber, of Windsor street; Henry Weber, of Springfield; John Weber, of this city, and Mrs. Collier.

resting talk on "The Adult Bible class." "The four objectives of an adult Bible class," Mr. Edgar declared, were "program of adult instruction and expression; enlistment of adults in the program of adult instruction and expression; development of Christian homes and citizenship expression. Mr. Edgar urged the training in the class for teaching and leadership and said that every member of the class should be a minute man and able to teach a class at a moment's notice. The adult class which does not furnish teachers, he said, was not doing its duty. He urged the practice of Christian worship in the home and declared that the child gets most of its training by the time it is three years old.

The session closed with the benediction by Rev. H. K. Freeman, pastor of the Baptist church of Prospect.

**Banquet at Busy Bee.**

John H. Clark presided as toastmaster at the banquet enjoyed by about fifty Sunday-school workers, Thursday evening at 6 o'clock in the Busy Bee banquet room. During the dinner interesting talks were given by Mrs. Victor Shoots, of Morral, county secretary; Mrs. B. D. Osborne, of Waldo; Miss Ada Rose Demarest, of Columbus; Miss Edith Pong, of Pekin, China; Rev. H. K. Freeman, of Prospect; Rev. C. L. Allen and N. E. Arnold.

There was a fair attendance at the evening session which opened with a song by the congregation and devotions led by Rev. H. K. Freeman, pastor of the Baptist church at Prospect. Following a splendid song service by the Men's chorus of the First United Brethren church the address of the evening was given by Arthur T. Arnold, secretary of the Ohio State Sunday-school association, who spoke on "The Sunday-school Association Program." Waves of emotionalism, materialism, suffering and ideals have swept the country and now we are facing a wave of lawlessness Mr. Arnold declared. The motion picture industry he said, was trying to break down our Sunday and commercialize our Sabbath.

Mr. Arnold said that what "we need today is religion and you will never stir a town as you ought, until you get a community consciousness." Of the 6,000,000 people in Ohio 5,000,000 are out of the church Mr. Arnold declared. He urged the people of Marion to raise a fund to send two county young people to Lake Geneva to attend the leadership training school.

Following Mr. Arnold's talk a collection was taken up for the purpose of sending the two young people to Lake Geneva soon. The evening session was dismissed by Rev. M. L. Burkley, pastor of the Central Christian church.

### MICHAEL CUSIC TRACT OF EIGHTY ACRES SOLD

Purchased by Vernon Heights Realty Company.

Purchase of the Michael Cusic land of eighty acres in the southeast section of Marion by the Vernon Heights Realty company was made Thursday afternoon and the deed for the property recorded this morning. Revenue stamps amounting to \$64 indicate that the purchase price for the land was \$64,000.

With the purchase of this land the realty company now owns 172 acres in this section of the city, all of which is in one tract and platted into 661 lots. The purchase also gives ownership to the company of all the land contracted for and shown in the plans for the development of the addition made public last fall.

The company plans to make the new addition strictly a residential section.

With the purchase of the Cusic property it is an interesting fact that Mr. Cusic abutted the property just forty years ago when Marion had

a population of only 3,593. Mr. Cusic then lived on a farm far out of the residence section of the city.

**ALL SIGNS POINT**

**TO SUCCESSFUL SEASON**

John H. Heydler Talks of National Game Today.

New York, April 8.—"All signs point to another interesting and successful baseball season," John H. Heydler, president of the National league, stated today.

"The game fundamentally is in splendid shape and under inspiration of independent semi-public control, it is bound to retain the confidence and good will of the American public."

"The National league begins its forty-fifth season, next Wednesday, with the brightest of prospects for a good race. Reports from the South are agreed that our clubs have uncovered a number of players of unusual promise, some of whom have already won their way into the regular lineups."

"If we can instill into these young men the right club spirit and loyalty to the communities they will represent, we will call 1921 a success in advance. This year, in my judgment, will mark a new era in the game. On the playing field it will be an era where enthusiastic young players will predominate."

**Treat for Fans.**

Cleveland, April 8.—A treat for fight fans is promised here, tonight, when Joe Lynch, bantamweight champion of the world, meets Young Montreal, or Providence, Rhode Island, in a ten-round bout at the Fifty-Fifth street armory, under the auspices of the Cohasset Athletic club. Reports that it would not be a real sure enough fight were indignantly denied by both.

New York, April 8.—All doubt that Georges Carpentier means to go through with his match with Jack Dempsey has been removed, today, by the announcement of Robert Edgren, stakeholder of the match, that the French boxer's \$50,000 forfeit has been transferred to a New York bank. Edgren notified Promoter Rickard of the transfer of the money, following receipt of a cablegram from the Morgan-Harjes bank of Paris, where it was originally deposited. With the principals thoroughly in accord with Rickard's plan, the boxing public waited, today, for the naming of the site. Rickard has promised to announce the battleground some time tomorrow.

**For Title Match.**

Cleveland, April 8.—An offer of \$35,000 for a title match with Andy Chaney will be made, today, by Eddie Mead, New York fight promoter, to Johnny Kilbane, featherweight champion, he announced today. If Kilbane accepts, the bout will be held in an open-air arena near New York, Mead said.

## IN THIS CASE VIRTUE IS HIS OWN REWARD

Iberia Physician Given Fine Position by President.

DR. VIRTUE MAJOR IN PUBLIC HEALTH SERVICE

Appointee Is an Old Friend of President Harding—A Personal Appointment.

Positive announcement of the appointment of Dr. D. B. Virtue, of Iberia, to be major in the United States public health service, has been made, and the appointee is to enter the service as soon as he can adjust his affairs at Iberia and arrange to move. He will probably be stationed at Newport, Kentucky. The appointment is a personal one by President Harding of a boyhood friend.

Dr. Virtue has spent practically his entire life at Iberia with the exception of five years in Crawford county and five years in Michigan. During the late war he served as captain and had been recommended for a majorship when the armistice was signed. He was commissioned a major in the reserve corps. Dr. Virtue has been a member of the Morrow county pension board for the past twenty-four years, serving twelve years as president. He has also been president of the Morrow County Medical society. He is a graduate of Starling Medical college. While at Washington last week conferring with President Harding on the appointment, Dr. Virtue furnished an abundance of material for the punsters. It would be impossible to estimate the number of puns that were made on the word "virtue" during Dr. Virtue's stay in Washington. All kinds of alleged funny cracks were made at Dr. Vir-

ture's expense, especially after it became known he was to be appointed to the position. "Virtue in Washington," said one, "that we are to have Virtue in Washington, which is a very good thing to have, but we have never seen a man named Virtue before, and then there is the funny one who says 'virtue' is a good word." "I am the new administration," said another, "and I have a great one 'virtue'." "What's that?" asked the punner. "D. B.," he replied. Dr. Virtue, like the president's other medical friend, Dr. C. E. Hawley, who has been in the uniform of his country. He has been appointed a major in the public health service.

Dr. Virtue has been a member of the Morrow county pension board for the past twenty-four years, serving twelve years as president. He has also been president of the Morrow County Medical society. He is a graduate of Starling Medical college.

While at Washington, last week conferring with President Harding on the appointment, Dr. Virtue furnished an abundance of material for the punsters. It would be impossible to estimate the number of puns that were made on the word "virtue" during Dr. Virtue's stay in Washington. All kinds of alleged funny cracks were made at Dr. Vir-

tue's expense, especially after it became known he was to be attached to the administration.

Virtue in Washington.

"Can it be that we are to have Virtue in Washington, where more was ever known to exist before?" asked one jokester.

And then there is the funny artist who springs this one:

"I am the new administration is to have at least one Virtue."

"What's that?" asked the innocent victim.

"D. B.," is the reply.

Dr. Virtue, like the president's other medical friend, Dr. C. E. Sawyer, will fare forth in the uniform of his country. He has been appointed a major in the public health service.

Neptune's valet, the rain man, put in his appearance with a dripping countenance today.

Lowering clouds yesterday afternoon threatened a deluge any moment, but the most of it "blew over."

Then last night or early this morning it really rained, and then later on it really rained some more. It wasn't a shower at any stage; it

was just a steady rain accompanied at times by a stiff wind.

"Johnny, what do you think of when the month of April comes?" "Shower sticks, teacher."

So, in passing, the Star's star weather observing young reporter, just wants to observe that what one's just not to expect in April—showers and more showers.

It got to eight-two yesterday, and that's hot enough for a cold shower.

## QUIGLEY MADE GENERAL ATTORNEY FOR BIG FOUR

Former Marionite Gets Recognition for Ability.

RAIL AND TIE BREVITIES  
PICKED UP ALONG LINES

Contemplated Time Change on the Erie Railroad April 24. No Sunday Mail at Durbin.

The following from this morning's "Cincinnati Enquirer" will be of interest to the many friends here of Harry N. Quigley, a former Marion resident:

"Announcement was made at the offices of the Big Four railroad yesterday that Harry N. Quigley, attorney for the road in the state of Ohio, had been appointed to the office of general attorney for the entire system. Mr. Quigley succeeds the late Stanley W. Merrill, who was general attorney for the Big Four road for a number of years."

The Erie is contemplating a change in time, April 24, according to announcement made by J. R. Folsom, chief dispatcher of the Kent division, and M. L. Welch, chief dispatcher of the Cincinnati division, this morning.

On account of the station at Durbin being closed on Sunday, the huggamens on Erie trains Nos. 2, 4, 15, and 16 will not throw off the mail on this day.

J. C. Christian, road foreman of engines of the Hocking Valley, was looking after business in local railroad circles, Thursday.

J. H. Patterson, assistant trainmaster of the Pennsylvania, was in the city Thursday on business of his department.

A. Crabbe, of Columbus, engineer of maintenance-of-way of the Hocking Valley, was a caller in local railroad circles, Thursday.

## MARION COUNTY WILL USE BRICK ON TRAIL

According to Thursday's Telegraph at Bucyrus.

Word comes from Marion county that it has been decided to build the Soloto Trail from Marion to Bucyrus of brick. Such a road would mark an era in road construction in Marion county and would be one of the best decisions in road history. The Soloto Trail is so heavily traveled that the best road that can be built will be the best investment and the tax payers will be saved a great deal if brick is used. Likewise the users of the road will be assured of interrupted traffic regardless of weather conditions. Both advantages are worthy of consideration. —Bucyrus Telegraph.

PRICE TWO CENTS EXCEPTING  
SATURDAY, THREE CENTS.AMERICAN IDEA  
TO BE ACCEPTEDExpect Favorable Action  
by Allies.EARLY REPLY TO  
NOTES NOT ANTICIPATEDThat United States Sur-  
renders None of Its Rights  
Doubtless Will Be Approved.

Washington, April 8.—Administra-

tional, it may be stated with

certainty, expect the allies

to accept the principle

stated by Secretary Hughes in

his note to those governments, that

the United States has surrendered

none of its rights in the overseas

possession of Germany and that it

will not be bound by decisions affect-

ing those possessions made by the

allied nations without its assent.

It is reason to believe that the

response on this subject, which

was forwarded last November, will not

be delayed until the receipt of the

reply from the Japanese, British,

and Italian foreign offices.

The expectations of American of-

ficials are realized, the details regard-

ing American rights will have to be

worked out in negotiation. In event,

however, that four powers do not find

it in way to an agreement with the

American viewpoint, there would

be a situation, action on which offi-

cially is refused to forecast.

The Shantung settlement in the

treaty, which has been sharply

criticized in this country, is not at is-

sue in the present controversy. It is

not that the phrase "overseas

possession" in the American com-

munications was used advisedly, and

it is pointed out that Shantung was

a German possession. Kiao-Chow,

a part of that Chinese province,

held by Germany through a con-

cession from the Chinese government.

The view of the Harding adminis-

tration with respect to the Shantung

settlement has not been stated, but

settlement was vigorously op-

posed by the administration leaders

the senate while the treaty of

salies was under consideration by

the body and was made the subject

of one of the Republican reservations

to the treaty which were adopted.

The latest American notes are

known to form a third chapter, at

least, in the diplomatic exchanges

with the allied governments on the

subject of mandates in general and

the Pacific island of Yap in particu-

lar. The American viewpoint was

first stated by Secretary Colby in

notes to the four great powers on

Nov. 9, and was supplemented in a

note to the council of the league of

nations.

Japan, however, has replied to at

least one of the American govern-

ment's protests. It was received two

days before the Harding adminis-

tration came into office and in it Japan

insisted upon its right to a mandate

over the island by reason of the

award of the supreme council. There

also have been reports that Japan

made the further point that its forces

captured this and other Pacific islands

from the Germans early in the war.

business men are held by the police  
here pending investigation of the  
death of Hyman Potashnik, dealer in  
second-hand goods. Potashnik was  
shot to death in his room above his  
store, in the heart of the business

Women's Ticket Wins.

Sounds a Warning.Washington, April 8.—A general  
warning to business that the depart-  
ment of justice will countenance no  
violations of the law was sounded by  
Attorney General Harry Daugherty.  
The country, Mr. Daugherty said,  
should take notice of "a new day and  
a new way" and that those who had  
been guilty of illegal practices should  
not "close their eyes."Reports from some sections of the  
country are that the building material  
situation is "intolerable." Mr. Daugh-  
erty said, and the department of jus-  
tice desires to contribute in any way  
it can to improving it. His statement,  
he added, was a "modest but em-  
phatic warning" to those for whom  
it was intended and could be regarded  
as an opportunity for any of those  
who should mend their ways to do so.  
He said that the department of justice  
did not intend to harass business in  
any way, but that it did intend to en-  
force the law.

"There they are! I can see Uncle Alfred pointing out the place to the taxi man."

Marion's sharp eyes discovered the returning travelers first, and her clear voice heralded their coming. The next minute the taxi turned into the Durkee driveway, and I heard Marion's urgent whisper to her mother.

"Why not call her Aunt Lella?"

## KIDNEY SUFFERERS Benefited Beyond Belief

Cincinnati, O., July 25, 1929. After having been relieved of kidney trouble of several years standing by Dr. Carey's Marshroot prescription No. 777 am exceedingly grateful and loud in its praise—have recommended it to several fellowworkers who were also benefited beyond their belief by its use. It is my candid opinion that there is no better remedy than Dr. Carey's Marshroot.

August 3 I received your letter asking permission to reproduce my letter to you (as above). It will in any way help people to realize the true merits of Dr. Carey's Marshroot prescription you are at liberty to do so. I know that it cured me. I suffered great pain for several years and am certainly grateful and feel confident that if people who have kidney trouble will use it long enough to give it a fair test there will be more grateful ones added to the list.—John E. Douglas, 103 West Court Street, Cincinnati, O.

NOTE—Dr. Daniel G. Carey, the well known kidney specialist of Elmira, N. Y., who died recently declared that this great prescription, No. 777 Marshroot, had helped thousands of sufferers from kidney and bladder troubles. Remember the name, Dr. Carey's Marshroot Prescription, No. 777. No other medicines can take its place. Carl G. Ungericht.—Adv.

## QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers. Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No crying is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action. "If you have a 'dark brown mouth'—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 10 and 30c.

pathos by his antics.

"All, old dear," he said sorrowfully. "Hain't there nobody wot to weep over me. I rolled in only a few minutes before you. Did I get any tears or kisses or embraces? I'll tell the world, all I had handed to me were shrieks of 'Don't rumple my gown!'"

The falsetto with which he had mimicked Mrs. Durkee changed to a deeper tone as he added:

"If it hadn't been for my little sweetheart here I'd have kneeled into the croon-el world to die alone."

I knew that he had caught sight of the child's expressive, humiliated face when he said that nobody had kissed him, and had hastened to make amends. Her face changed its expression so suddenly that she gave the effect of laughing and crying at

once, but little Mrs. Durkee's laughing voice fortunately took our attention from her.

"You may kiss me now if you like, Dicky-bird," she said, with her pretty lips adorably pouted toward him. "I'm so happy now I don't care if my complexion does come off."

Dicky looked at her doubtfully, then gravely drew a handkerchief from his pocket, pretended to dust her face, then looked at it, and bent forward her.

"I guess it's safe," he said solemnly.

With a swift, laughing movement Mrs. Durkee ducked the kiss, administered a sound box on his ear, and retreated toward the stairway.

"Pick up some of these bags and make yourself useful," she ordered. "Instead of trying to do some poor

screen comedian out of his job. You'd make a much better porter than you would a movie comic. Come on, Lella, dear, I want to show you your rooms."

Dicky and Alfred bent obediently to the bags, and we all trooped up the stairs after Lella and her mother-in-law. Indeed, we could not have stayed behind if we had wished, for the imperative voice of our hostess commanded our attendance.

And as I had hoped a few minutes before that Mrs. Durkee would sound the right note of welcome, so now I earnestly wished that Lella would be sincerely pleased and show her pleasure at the surprise her husband's mother had planned for her.

## MR. A. C. SPRINGER WELL KNOWN BUSINESS MAN, MARION, OHIO, TELLS FACTS ABOUT NUXITE

Had Stomach, Kidney and Liver Trouble, Forced Almost to Give Up His Business.

Searched a Long Time for Relief, Now Feels Better Than in Many Years.

When so many well known people of unquestioned integrity make statements each and every one testifying to the same thing day after day and each corroborating the other, the truth of such statements can no longer be doubted. One of the latest to testify regarding Nuxite is A. C. Springer, cement contractor, who lives at 1025 East Center street, Marion, Ohio, and when men of this type testify it can not be doubted that Nuxite is all that is claimed for it. I have only been taking Nuxite about 12 days, said Mr. Springer, and have been very much improved; so much that I am ready right now to state to the world that this medicine has proved a grand success in my case. I had stomach trouble for some time, stomach all upset, bloating and gas on my stomach. After meals I became almost deathly sick and was often unable to retain anything I had eaten. My condition was fast rendering me unfit for the duties of my position. My kidneys and liver caused soreness across the side and back, coated tongue, my appetite was no good, could not rest well at night, no energy or ambition to work, tired and sluggish feeling. Since taking Nuxite I am just feeling fine, my food digests all right, don't have that bloating and gas on my stomach, kidneys and liver acting all right, don't have that sluggish feeling, sleep sound every night, have more energy and ambition to work. Mr. Springer says Nuxite can be depended upon for results. Nuxite is sold at Schmidt's & Co.'s drug store, by W. R. Cooper, and may be obtained at Kyle's drug store, Richwood, Ohio.—Adv.

## PLAN TO SECURE HIGHWAY FUNDS

Sales Taxes on Motor-Vehicle Industries Proposed.

SENATOR STANFIELD  
WILL SUBMIT BILL

Seeks To Build and Maintain  
Federal Highway Through Tax  
on Those Using Them.

Washington, April 8.—Creation of a separate fund from federal sales taxes on products of the motor-vehicle industries for federal highway construction and maintenance, will be proposed to congress by Senator Stanfield, Republican, Oregon, he announced today.

Stanfield favors raising federal highway funds in this way in lieu of the present method of congressional appropriations for the purpose from the treasury.

"Motor equipment is useless without proper highways to operate over," he said. "Why, then, should not the owners of motor equipment pay the larger part of the cost of building and maintaining our highways?"

"Water and rail transportation systems have been developed and are operated by the investment of private capital and the collection of tolls in passenger fares and freight rates.

"Public highway transportation, upon which motor vehicles are dependent, is made possible by public funds and is used generally by the public without tolls or charges.

"The roads over which rail equipment is operated are owned and maintained by private railroad companies, while the roads over which motor equipment is operated are constructed and maintained by public funds.

"A broad but fair rule is that all who receive benefits from our federal highways should help pay the cost. The rule is applied to water and rail transportation. Why not to highway transportation?"

As another means for the further development of federal highways, Senator Stanfield would have twelve per cent of the funds available used for the construction and maintenance of roads wholly of partly within the federal forest reserves and the remainder, after deduction of not more than five per cent, for administration, apportioned to the states in proportion to the number of motor vehicles licensed each year in each.

One change made in the bill is that it is to be effective but six months, while the Fordney bill was to be effective for ten months after its introduction in congress.

Ada Bower Believed To Have  
Eloped with Former Inmate.

Miss Ada Bower, aged thirty-two years, who has been an inmate of the county home since 1911, disappeared from the infirmary about 9 o'clock last Saturday evening. It is believed by the authorities that the girl eloped with a former inmate who paid her quite a little attention when he was at the infirmary. This belief is based on his having left the place about three weeks ago and securing employment in the country. However, he is unable to furnish any of the girl's whereabouts.

Caledonia, O., April 8.—[Special.]—Rev. R. F. Stricker delivered his farewell sermon at the Christian church, Sunday evening. Rev. Mr. Stricker has had several calls to officiate at other churches, but has not decided which he will accept.

Mrs. John Green entertained the members of the Women's Foreign Missionary society, Wednesday afternoon. The missionary lesson was read and discussed after which a song was sung socially. There were fifteen members present.

Mr. R. F. Williams, Mrs. O. L. Campbell, Mrs. H. M. Hart, Mrs. William Nesbitt and daughter, Elizabeth, Mrs. J. B. Brocklebank and daughter, Florence, Mr. and Mrs. T. J. Putman and Miss Naomi Putman attended the funeral of Mrs. Harry Harrell at Marion, Friday afternoon.

Mrs. Sarah Strickler was tendered a surprise by a party of friends, Tuesday evening, in honor of her birthday. The evening was devoted to games and music. The sisters received several gifts of silver. Those present were Norris Hill, Forest Hipsler, Ward Sharrock, Curtis Izzy, Charles Hurr, Gerald Miller, Lee Lindsay, Doree Dean, La Vorne Gist, Myrtle Cain, Mae Bratton and Alta Keithlighter.

The home of J. L. Lyon, northeast of town caught fire from sparks from the chimney, Saturday. The roof was badly damaged before the fire was extinguished. Neighbors formed a bucket brigade and beat out the flames.

Miss Hipsler is nursing a burned hand as the result of gasoline being ignited. She was playing with a tractor on his father's farm, west of town Wednesday, the work being done in a field of standing corn fodder. The gasoline in the tank was leaking and when the tank came in contact with the exhaust pipes, it ignited and the gasoline also caught fire. Mr. Hipsler extinguished the fire with his coat before any damage was done to the tractor.

S. N. Fields had one of his fingers badly lacerated when he was playing rings in his dog's nose. One of the dogs bit him.

Lexington, Kentucky, April 8.—A posse of citizens, armed with high-powered rifles, scoured the mountain districts of Clay and Knox counties, for John Bailey, Clay county farmer, who, late Thursday, scored a point in a lifelong feud between his family and that of B. ## LEADING AUTHORITIES NOW SHOW JUST WHAT TANLAC REALLY IS

Physiological Action of Principal Ingredients of Celebrated Medicine on the Human System Is Explained.

SUPREMACY CLAIMS WELL SUPPORTED.

Many of the Medicinal Elements Have Been Known and Used Since Civilization Began.

Tanlac, the celebrated medicine which has been accomplishing such remarkable results throughout this country and Canada, is composed of the most beneficial roots and herbs known to science. The formula is purely ethical and complies with all National and State Pure Food and Drug Laws. Altogether, there are ten ingredients in Tanlac, each of which is of recognized therapeutic value.

Many of these ingredients have been individually known and used since civilization first began, and some of them have been used and prescribed by leading physicians everywhere, but until they were brought together in proper proportion and association, as in the Tanlac formula, humanity had not heretofore realized their full value and effect.

In referring to one of the more important ingredients of Tanlac, the Encyclopedia Britannica says: "It has been the source of the most valuable tonic medicines that have ever been discovered." In referring to others of the general tonic drugs contained in Tanlac, the 12th Edition of Potter's Therapeutics a standard medical text book, states that: "They impart general tone and strength to the entire system, including all organs and tissues."

This same well-known authority, in describing the physiological action of still another of the ingredients of Tanlac, which is of value in treating what is commonly known as a "run-down condition," says the follow-

ing expression: "It is highly esteemed in loss of appetite during convalescence from acute diseases."

There are certain other elements in Tanlac which, because of their influence upon the appetite, digestion, assimilation and elimination, improve the nutrition and vital activity of the tissues and more important organs of the body, and produce that state of general tonic which is called Health.

The United States Dispensary makes the following comment regarding another ingredient: "It may be used in all cases of pure debility of the digestive organs or where a general tonic impression is required. Dyspepsia, atonic gout hysteria and intermittent fever are among the many affections in which it has proven useful."

There are certain other ingredients described in the Dispensary and in other standard medical text books as having a beneficial action upon the organs of secretion, whose proper functioning results in the purification of the blood streams passing through them. In this manner objectionable and poisonous ingredients of the blood are removed and the entire system invigorated and vitalized.

Tanlac was designed primarily for the correction of disorders of the stomach, liver and bowels. At the same time, however, it is a powerful reconstructive tonic and body builder for it naturally follows that any medicine that brings about proper assimilation of the food and a thorough elimination of the waste products must, therefore, have a far-reaching and most beneficial effect upon the entire system.

Although Tanlac's claims for supremacy are abundantly supported by the world's leading authorities, it is the people themselves who have really made Tanlac what it is. Millions upon millions have used it with gratifying results, and have told other millions what it has done for them. That is why Tanlac has become the real sensation of the drug trade in this country and Canada, and that it also why it is having the largest sale of any medicine of its kind in the world today.—Adv.

gall, fourth ward. The members of the fourth ward served a tea.

### SMALL FIRE WORRIES PEOPLE AT IBERIA

Who Fear Repetition of Conflagration of Last Summer.

Iberia people were greatly agitated Wednesday, fearing a repetition of the disastrous fire in that village last summer, but happily prompt action by the bucket brigade saved the day.

The fire originated in the upper floor of the residence of James F. Quistance, and was caused by a defective fuse. The roof was soon burning briskly and it was feared the entire building would be destroyed and surrounding property endangered. Fortunately there was no wind at the time. A bucket brigade was quickly formed and water thrown on the blaze and after considerable hard work the brigade had the satisfaction of extinguishing the flames.

The south side of the roof was completely destroyed, and the loss, while not stated is considerable. The property is said to be insured.

Christian Fox, Elizabeth Fox, his wife; John Stepler and Eric Mariah Stepler, his wife; Nicholas Schickendantz and Margaret Schickendantz, his wife; will take notice that on the 20th day of March, A. D. 1931, the undersigned, Mary E. Paul Mann

### YOUNGSTER ELUDES GUARDS AND GETS TO THE PRESIDENT

Though only eight years old, Paul Mann, a Washington youngster, has succeeded in doing what persons many times his age have failed to do. He got by all the White House guards and spoke with the president. It happened Easter Monday while thousands of Washington youngsters were enjoying the egg rolling fete on the White House lawn. The section of the lawn allotted to the youngsters for the day was fenced off and guards were placed to see that no one entered the executive mansion. Little Paul had a big Easter egg decorated with the coat of arms of the United States, which he wanted to present to President Harding. He watched his chance and when the president appeared at one of the lower windows of the White House and waved to the frolicking youngsters, Paul slipped under the fence, egg in hand, and outprinted the guards to the window. The president shook hands with Paul, accepted the gift and Paul went home happy.
